## **Mustang Introduces Professional Series Mounts**

*Lineup of 23 Mounts Available to A/V Pros Only Through Stampede*

*BUFFALO, N.Y., October 1, 2007* — Mustang, a complete line of competitively-priced audiovisual accessories and components available exclusively through Stampede, has introduced a lineup of 23 professional series mounts. The professional series is a line of static, tilt, articulating-arm, and flip-down mounts for 10"-65" flat panel displays and small to large projectors up to 80 pounds (36 kg). Made from strongest materials on the market, the new Mustang mounts are VESA compliant, UL approved, and covered by a five-year warranty.

“We are very proud to put the Mustang name on these new mounts and our dealers will be proud to specify them in their system integration jobs,” said Kevin Kelly, president and COO of Stampede. “These mounts were designed for professional by professionals and are tough as nails.”

The professional series is offered through authorized partners, including commercial installers and professional A/V dealers, and is not available through online stores. To fully serve Stampede’s entire North American market, the instruction manuals for Mustang’s Professional Series Mounts are multi-lingual (English, French and Spanish). The new mounts begin shipping to Stampede’s customers this month.
