Mustang Launches Four New Products at InfoComm '08

New Mounts, Whiteboard and Roller Case to be Showcased Exclusively at Stampede's Booth

Las Vegas, NV, June 18, 2008 — Mustang, a complete line of competitively priced audiovisual accessories and components available exclusively through Stampede, will launch four new products today at InfoComm '08. The company will introduce a static flat-panel mount, a tilt flat-panel mount, a whiteboard and a roller case exclusively at Stampede's booth, N7655.

“We are very proud to be expanding our Mustang offerings,” said Jeff Willis, vice president, product management and operations for Stampede. “Our dealers appreciate the level of quality and value we have created in Mustang. The more Mustang products we can offer them the better.”

Made from the strongest materials on the market, the new Mustang mounts are VESA compliant, UL approved, and covered by a five-year warranty. They are available exclusively through Stampede's network of authorized professional audio/visual installers and integrators. The new MPSTAT mounts accommodate flat panel displays from 13” to 63” and up to 175 lbs., while the new MPTILT mounts accommodate similarly sized displays and have a range of tilt up to 15°

The new Mustang 77” Whiteboard features 14 predefined icons with dynamic presentation tools and functions; a simple method for modifying the color and size of the annotation pens and the width of the eraser; intuitive screen capture, viewing and retrieval method; fast digital computer interface; the first adjustable wall mount and mobile stand bracket; and flexible electronics featuring onboard USB and RS-232 connectivity.

The new Mustang Executive Roller Case is designed to safely transport a mobile projector and accessories, including a notebook computer, PDA, MP3 player, water bottle and more. The case features 3” easy-glide wheels and bearings, a telescoping four-segment handle, and a reinforced Rip-Stop™ nylon exterior.

“All Mustang products are designed by professionals, for professionals,” said Paul Rezac, Mustang product manager for Stampede. “When we put the Mustang name on a product our customers know they are getting high quality at a reasonable price point.”

About Stampede

Known for its value-added distribution, Stampede is a leading distributor of presentation equipment including LCD/DLP projectors and flat panel displays. Stampede provides a complete range of brand name presentation equipment to a variety of audio/visual, computer, and home theater resellers and integrators in the United States, Canada and Latin America. These resellers rely on Stampede for value-added services in distribution, marketing and solution-based sales. Stampede has received numerous recognitions, including No. 1 in customer service for North American large screen distributors

(2000, Pacific Media Associates), “International Distributor of the Year” (2001, *AV Magazine*), “Best Managed Company” in the Buffalo Niagara region (2005, *Business First*), and “Fast Track 50” (2002-2007 *Business First*). For more information on Stampede, log onto www.stampede-global.com.
